PADANG

**7.6 Magnitude Earthquake
1,300 People Died - Thousands Homeless**

Padang, a city of one million people, is home to only one Assemblies of God Church planted 6 years ago. Because of the call of God on their lives, the pastor and his family faithfully planted seeds in Padang for two years without one convert. In the last four years, the church has grown to 200 people. It was a privilege to assist the church following the earthquake. We reconstructed a church wall and distributed essential food to 600 needy families. That Sunday, 14 people attended church for the first time. Church members gave up their seats and left so that newcomers could attend church.

Please pray for the Church in Padang.

AMBON

Ambon is home to Sekolah Theologica Maluku, an Assemblies of God Bible School. From 1999-2002, there was a war in Ambon between Christians and Muslims and the Indonesian army occupied the school. Thankfully, the fighting has ceased and the Bible school once again is able to train Indonesian church workers. The Bible school still needs much repair. John was able to join missionary colleagues and build a library and student center for the Bible school campus in Ambon.

Please pray for the students and staff at Sekolah Theologica Maluku.

SALATIGA

This week, we will complete our fifth unit of language school. As Christmas approaches, Ellia is memorizing Luke 2:11, "For unto you is born this day a Savior which is Christ the Lord!" She loves to yell and cheer, "A SAVIOR...YEAH!!! CHRIST THE LORD...YEAH!!!" Yes! Jesus, our Savior, came to earth, and that is a great reason to celebrate! This season, may you and those you love also experience the reality of Immanuel: God IS with us!

Thank you for praying for and supporting our family this year!
